

# IEEE SMART TECH METRO AREA WORKSHOP SERIES

Professional workshops in a learning environment

**Coming to Birmingham, UK on 21-22 October 2016  
Hilton Birmingham Metropole**

IEEE Smart Tech Workshops provide a unique learning experience with topics on the cutting edge of technical innovation today.

Focused on providing an opportunity for participants to learn first-hand from the field experts, each workshop is a springboard to a deeper understanding of technology and its myriad applications and potential for innovation.

Workshop topics include:

- **LiFi: LED-Based Network Communication**
- **Industrial Applications of Robotics**
- **Introduction to ARM Fundamentals**
- **Multi-Core CPU/GPU System and Software Development**
- **Software Defined Radio: Implementation, Design and Real-Time Operations**
- **Professional and Business Development: Confident Networking, Business Strategy for Consultants and Entrepreneurs**

**Register before 31 August for discounted rates! IEEE Members save even more!**

Two days of instruction, plus meals and evening reception, for only US\$299 for IEEE members\* and US\$449 for non-members. Single day registration is also available.
